

**TO SUIT TOYOTA LANDCRUISER FJ80,
FZJ80, HZJ80, HDJ80**

LONG RANGE REPLACEMENT TANK

160L

1990 - 1998

250L

TOTAL FUEL CAPACITY

SUB TANK REPLACEMENT

2mm

ALUMINISED STEEL

Whether its towing touring or just everyday driving, a Toyota Landcruiser owner with an LRA tank fitted can fill up when it's cheap and drive on by laughing when the fuel goes through the up cycle every week!

The kit includes everything required to fit the new tank with minimal fuss. The tank is manufactured from 2mm aluminised steel, etch primed and finished in silver hammertone enamel paint.

- The replacement sub tank gives an increase of 260% over the standard 45L tank.
- The TLC80RR requires removal of the spare wheel
- The TLC80RR offers improved ground clearance as it sits higher than what the spare wheel would.
- The TLC80RR replaces the factory sub tank and will only be suitable on a factory twin tank model. For a single tank model, you would require the auxiliary tank #TLC80RAX.
- Total fuel capacity is 250L (main tank is 90L)

FEATURES

- 3 year Australia wide warranty on the tank
- 1 Year Australia Wide Warranty on Parts
- Full Internal Baffling
- Excellent Ground Clearance
- 2mm T125CQ Aluminised Steel Construction
- Original Vehicle Emission Control System Retained
