

TO SUIT TOYOTA LANDCRUISER HZJ105

LONG RANGE SUB REPLACEMENT TANK

150L

1997 - 2006

240L

TOTAL FUEL CAPACITY

1880km

DRIVING RANGE *based on 13.0L/100km*

2mm

ALUMINISED STEEL

Whether its towing touring or just everyday driving, a Toyota Landcruiser owner with an LRA tank fitted can fill up when it's cheap and drive on by laughing when the fuel goes through the up cycle every week!

The kit includes everything required to fit the new tank with minimal fuss. The tank is manufactured from 2mm aluminised steel, etch primed and finished in silver hammertone enamel paint.

- The replacement tank gives an increase of 200% over the standard 50L tank.
- Driving range is in excess of 1880km (based off 13.0L per 100km)
- The total fuel capacity is 240L (main tank is 90L + 150L sub)
- The TLC100RRD requires the spare wheel to be removed.
- The TLC100RRD suits the diesel live axle model **only**.
- The factory ground clearance is improved as the TLC100RRD sits high than the spare wheel would.

FEATURES

- 3 year Australia wide warranty on the tank
- 1 Year Australia Wide Warranty on Parts
- Full Internal Baffling
- Excellent Ground Clearance
- 2mm T125CQ Aluminised Steel Construction
- Original Vehicle Emission Control System Retained
