STAINLESS STEEL WATER TANK

60L

1992+

60L

TOTAL WATER CAPACITY

PRESSURE FILLER METHOD

316

STAINLESS STEEL

Whether it's remote touring, traveling Australia or just a quick weekend getaway, a Troopy owner with an LRA water tank fitted can ensure they have clean, usable water for showers, washing up or drinking water.

The kit includes everything required to fit the new tank with minimal fuss. The tank is manufactured from 316 grade stainless steel and is finished in a black etch primer.

- The TLCZ78SSWRM will fit the factory twin tank & factory single tank models.
- The TLCZ78SSWRM is filled via a rear pressure filler.
- The TLCZ78SSWRM will fit with a Kaymar rear carrier.
- The TLCZ78SSWRM does **not** fit with the Toyota heavy duty tow bar.
- The TLCZ78SSWRM is unable to have a sender probe fitted due to limited tank depth. An alternative level monitor is a water flow monitor that plumbs into the water hose to monitor the water usage (Topargee).
- The TLCZ78SSWRM fits **behind** the rear axle and requires no major modifications to fit.

FEATURES

- 3 year Australia wide warranty on the tank
excluding contamination corrosive water supplies
- 1 Year Australia Wide Warranty on Parts
- Full Internal Baffling
- 316 Grade Stainless Steel Construction
- 1/2" Outlet Suitable To Connect 12V Pump
